Democratic Territorial Convention.

In accordance with a resolution of the
democratic Territorial central committee
adopted at a meeting held in Albuquerque
on the 9th day of May, 1902, a convention
of the democratic party of the
Territory is hereby called to meet at
Santa Fe, New Mexico, on the 14th day
of September, 1902, at 10 o'clock a. m., to
nominate a delegate to the fifty-third
congress of the United States.

In accordance with said resolution
each county in the Territory is entitled
to one delegate to said convention for
each 100 votes cast for the Hon. Anthony
Joseph as delegate to congress at the
election in 1900, and an additional dele-
gate for each fraction of the unit of 100
amounting to 100 or more. Under this
provision the several counties of the
Territory are entitled to representation
as follows:

Hidalgo	9
Chaves	2
Colfax	6
Dona Ana	7
Edly	2
Grant	2
Lincoln	4
Mora	10
Rio Arriba	4
San Juan	8
San Miguel	22
Santa Fe	12
Sierra	0
Socorro	9
Taos	6
Valencia	6

County committees are requested to
make all proper arrangements for the
holding of county conventions in ample
time in accordance with the practice
of the party.

W. B. CHILDRIS, Chairman.
H. B. FLEMING, Secretary.

Notice.

A meeting of the Democratic central
committee is called to meet in Silver
City on Saturday, August 13, 1902, for
the purpose of making all necessary ar-
rangements for holding primaries in the
different precincts to elect delegates to
the County convention, where seven dele-
gates will be elected to attend the Terri-
torial convention, which meets at Santa
Fe September 14th to nominate a dele-
gate to congress; also for the purpose of
holding primaries to elect delegates to
the County convention, where County
officials will be nominated to be voted on
at the November election. I request
that all committeemen be present at the
meeting, as business of great importance
will come up at the meeting.

JOHN W. FLEMING,
Chairman Dem. Cen. Com.

Democratic District Conventions.

By the authority and at the request of
the district committees of the counties
comprising the eighth and ninth congres-
sional districts, conventions are hereby
called to meet at Las Cruces, Dona Ana county,
N. M., on Thursday, Sept. 1, 1902, at 4 p. m.,
to nominate a democratic candidate for
the Territorial council, District No. 8,
composed of Grant and Dona Ana
counties, and to elect chairman and Dis-
trict committees for said eighth district;
and also to nominate a democratic candi-
date for representative for the four-
teenth representative district, compris-
ing the counties of Grant and Dona Ana.
And immediately upon adjournment
of said convention for district No. 8, con-
vention is hereby called to meet at the
same place to nominate a democratic
candidate for the Territorial council, dis-
trict No. 9, composed of Grant, Dona
Ana, Lincoln, Chaves and Edly counties,
and to elect chairman and district com-
mittee for said district.

The counties will be entitled to repre-
sentation in said convention as follows,
to-wit:

Grant	seven del. stea.
Dona Ana	seven
Lincoln	five
Chaves	three
Edly	three

It is suggested that one set of dele-
gates from each of counties of Grant and
Dona Ana may represent said counties
in both conventions.
Respectfully,
J. S. LEE,
For Eighth District.
J. S. LEE,
For Ninth District.

STATEHOOD FOR NEW MEXICO.

El Paso Times.
"The home bill for the admission of
New Mexico will not be called up until
next session, and its fate at that time
will depend upon the progress of said
Territory in the matter of making itself
republican."—Globe-Democrat.

A most debasing and shameful
statement it is, too, coming from
a leading republican journal.

The Globe-Democrat has been
persistently and malignantly fight-
ing the proposition to give state-
hood to New Mexico. The claim
has been, though, that the Terri-
tory had not a sufficient popula-
tion to entitle it to admission to
the family of states, and that its
citizenship is not of a quality that
should be trusted with the respon-
sibility of government.

In answer to some of these
charges of the Globe-Democrat the
Times said several months ago
that the only way to get the con-
sent of the United States senate to
the statehood of New Mexico would
be found in the Territory's becom-
ing republican. Now a great
republican organ brazenly admits
the truth of the charge. And in
proof of its truth the recent action
of the senate may be referred to.
Final action on the bill has been
postponed till the December ses-
sion of congress—or until after the
election, which says: "If you vote
the republican ticket, Miss New
Mexico, we will adopt you as a
sister; but if you remain democ-
ratic you shall also be continued
merely as a ward, with the prospect
of continued robbery by political
bummers.

If the people of New Mexico are
men as we take them to be they will
not be bullied into such servility.
But the Santa Fe New Mexican
evidently thinks they can be
worked that way. After quoting
the above paragraph from the
Globe-Democrat, it says:

"It is very necessary that the Terri-
tory should elect a republican dele-
gate at the coming election; if this is
done there can be but little doubt that
the bill containing an enabling act for New
Mexico and now pending will become
law during the second session of the
present congress."

The self-respecting voter of New
Mexico should resent such sinister
attacks upon their manhood, even
at the cost of delaying statehood
till the meeting of another congress.

DEFEW ON CLEVELAND.

About two years ago Chauncey
M. Depew, the silver-tongued orator
of New York, had occasion to
respond to a toast at a banquet at
which Grover Cleveland was pres-
ent. Perhaps, at that time, Chauncey
did not dream that Mr. Clevel-
and would be the nominee of the
democratic party for President
this year and that he might read
with great satisfaction the unquali-
fied endorsement of his character
by one of the leading republicans
of this country.

Coming as it did from such a
source and at a public banquet, it
may be rather hard for republicans
to swallow and Mr. Depew is no
doubt kicking himself for furnish-
ing such an excellent quality of
ammunition to the enemy. Here
is what he said:

"If I am to name the typical Ameri-
can, the man who loves and believes in
his country beyond everything else, the
man who, determined once in what
direction his duty leads, cannot be
swayed from the path—the man who
is doggedly persistent in what he believes
to be right—the man who thinks not of
self but his country and its needs, I
would name Grover Cleveland. What he
has accomplished is the very highest
tribute to the possibilities of American
citizenship. A country lawyer in the
city of Buffalo, he shed lustre upon the
high profession which he had chosen.
As the mayor of his native city he pre-
sented as his record a clean and economi-
cal administration. Coming into the
highest position of the land, without
previous experience and without scarcely
a precedent to guide him in the con-
ditions which surrounded him, he won
the respect and admiration of his
opponents. I find myself in one of the
proudest positions of my life in being
permitted to present to you Grover
Cleveland as the typical American."

The republicans may be able to
keep New Mexico out of the Union
for two years more but when they
lose control of the senate, which
will certainly happen two years
from the 4th of next March, and
may happen next March, this Terri-
tory will be admitted to the
Union. The senate now stands,
47 republicans, 39 democrats and
2 alliance. The terms of 18 republi-
cans and 11 democrats expire on
the 3rd of next March but of these
three democrats and one republi-
can have been re-elected and 5
more democrats are certain of re-
election or of democratic succes-
sors, while the places of only seven
republicans are certain to be filled
with republicans. It is possible

that the political complexion of
the senate may be changed next
March, but the probabilities are
that the republican majority will
be wiped out and that the alliance
senators will hold the balance of
power. If the alliance senators
should be favorable to the admis-
sion of New Mexico it is not prob-
able that the bill will be delayed
longer than until the first session
of the next congress.

THE Amalgamated Association
has been taught that it could not
manage the property of others and
dictate a policy to be pursued by
the Carnegie Company. Laborers
have the right to ask for higher
wages, but they have no right to
use force to compel employers to
accede to their terms, neither have
they the right to threaten others
who are willing to work for the
prices which employers are willing
to pay. A good many of the mem-
bers of the Amalgamated Associa-
tion were not in favor of using
force but they were overruled by a
mob which wanted to manage the
whole affair. The association has
been beaten, and had it not been
for the unlawful attempt to land
an armed force at the works by
the Carnegie people, public sym-
pathy would have been with Car-
negie. As it is, both the Carnegie
people and the labor leaders are
violators of the law and equally
deserving of the punishment which
they are certain to receive.

CATRON is beginning to have
misgivings as to the advisability
of his nomination for delegate to
congress and these misgivings are
likely to increase very rapidly as
the time for the Territorial con-
vention draws near. He is afraid
of being beaten by Joseph, and no
one knows better than the able
leader of the Santa Fe ring that
defeat this year means political
death to him. He will allow some
other fellow to get beaten by Jo-
seph and will bend his energies
toward getting a republican legis-
lature elected this fall. With a
republican legislature he imagines
that he might be struck by sena-
torial lightning.

THE senate committee on terri-
tories will visit New Mexico this
summer. If the Territory goes
democratic this fall, as it is almost
certain to do, there will be a mi-
nority report from this committee
which will, no doubt, rival the
scurrilous report from the republi-
can members of the house com-
mittee on territories four years ago.
If the republicans should be suc-
cessful in the coming campaign
the bill would go through the sen-
ate without serious opposition on
the part of the republican members
of the senate committee on terri-
tories.

SOME of the republican news-
papers in the Territory are shed-
ding crocodile tears over the petty
disturbances among democrats in
New Mexico. These are only little
spats to keep in training for the
big fight with the enemy next
fall. When the fight commences,
democrats will have no thought of
factional fights, but will give their
whole attention to poking the
enemy in the eyes. Democrats are
not in the habit of fighting among
themselves when there is anybody
else to fight.

THE delegates which will be
elected to go to the Territorial
democratic convention at Santa Fe
next month will also be delegates
to the district convention to nomi-
nate two councilmen and one rep-
resentative from the legislative
districts of which Grant County
forms a part. The representative
which this County elects will be
nominated at the regular County
convention to nominate candidates
for County offices, which will be
held later.

If the Albuquerque papers had
been more friendly to the cause of
silver there might have been some
prospect of getting the silver con-
vention for Albuquerque but the
silver men are all in favor of El
Paso. Albuquerque is not gaining
friends in the mining districts of
New Mexico and cannot expect any
favors at the hands of the miners.
New Mexico is for the free coinage
of silver and the sooner the Albu-
querque papers recognize the fact
the better.

THOUSANDS of republicans in
California will support the people's
party ticket this fall. They are
tired of republican promises and
are going to give the state to
Cleveland by withdrawing their
support of Harrison.

SECRETARY ELKINS could have
had the nomination for governor
of West Virginia if he would have
accepted it. The war portfolio is
good enough for him for the pre-
sent. He is not anxious to offer
himself up as a sacrifice on the
altar of republicanism in West
Virginia. He knows a good thing
when he gets it and his love for
the party is not strong enough to
induce him to fall outside the
breastworks this year.

THE New Mexican has been read-
ing lectures to the other counties
of the Territory about the punish-
ment of murderers. If the officers
of Santa Fe county caught one
murderer in ten in that county it
might be time for the New Mexi-
can to read lectures to the officials
of other counties but they come
with bad grace from a county
where murderers and incendiaries
are allowed to go free.

INQUIRIES concerning the default
in the payment of interest on the
bonded indebtedness of this county
are coming from all directions.
The board of County commis-
sioners is making a very unenviable
reputation for this County and
the worst of it is that there was
no necessity for it unless the
interest fund has been appropri-
ated to other uses.

CHIEF JUSTICE O'BRIEN, of the
supreme court of this Territory;
has resigned, and candidates for
the place are already quite num-
erous. President Harrison will have
to be careful or he will disappoint
some of the leaders of the g. o. p.
in the Territory. It is thought
that L. C. Fort of Las Vegas has
the inside track for the appoint-
ment.

GRANT COUNTY can make the
best mineral exhibit at the Terri-
torial fair, to be held at Albuquer-
que next month, of any county in
the Territory, but it looks now as
though there would be no exhibit
from this County's mines. There
will be a big crowd at the fair, and
a creditable display from this
County would be a big advertise-
ment.

THE bonded indebtedness of this
city which bears ten per cent
interest can be refunded this year,
and new bonds bearing not more
than seven per cent. ought to be
issued to take the old bonds up.
The city would save considerable
interest if the bonds were to be re-
funded, and it would remove some
of the burden from the taxpayers.

WARRANTS for the arrest of the
Pinkerton leaders and the man-
agers of the Carnegie company
have been issued and they will be
prosecuted for murder and treason.
The invasion of the state of Pen-
sylvania by an armed force is not
half so funny as it seemed a
month ago.

LAS VEGAS is the place and Au-
gust 25th is the time when the
republicans will name the next
victim to be offered up as a sacri-
fice on the 8th of next November.
Max Frost would be a fitting sub-
ject if he could only be induced to
go before the convention.

THE premium list for the Terri-
torial fair at Albuquerque next
month has been issued. Intending
exhibitors from this County ought
to be getting ready for the fair
and not wait until the last minute
before commencing to get an ex-
hibit together.

THE Territorial republican con-
vention will be held at Las Vegas
on the 25th instant. The time is
rather short for holding primaries
and County conventions, but we
presume our republican friends
intend to do things with a rush
this fall.

THE payment of interest on
bonds of this County which are
duly registered in the treasurer's
register of this County has been
refused. Is there no money in
the treasury or has the interest
fund been appropriated to other
uses?

William Brahm, one of the rock-ribbed
democrats of Grant County, is back
from a trip to Colorado. While there
he paid George F. Patrick, a former resident
of this city, a visit. Mr. Patrick is living
in a fine sixteen-room brick residence.
He is a member of one of the busiest law
firms in Pueblo. His business takes
all the time of the members of the firm
and a typewriter. Mr. Patrick has 800
head of steers recently shipped from this
County in pasture near Pueblo, and as in
a fair way to become a bonded
holder. Mr. Brahm says that Gen.
Weaver, the people's party candidate for
the Presidency, is very popular in Colo-
rado, and will carry the state.

Road supervisors in most of the pre-
cincts of this County will have plenty of
work to do on the roads to get them in
good condition.
